March 13, 1980 Town Meeting cont'd.

Article 19. A motion was made by Linda Rousseau:

Mr. Moderator,

The Brentwood Newsletter Committee offers this motion in two parts. We take note that the people of this town have met together for 238 years to raise what monies are necessary to run the town for the coming year. The final dollar figures, however, can't begin to approach the value of the volunteer hours of service that are given by the citizens of this Town, in both official and private capacities.

At this time we move a vote of appreciation to three citizens who have rendered outstanding service to the Town:

1. to Bob Sanborn, selectman for 6½ years and guiding force behind the Town Office and the Haigh Road Bridge;
2. to Betty Luce, Town Clerk for over 14 years and the major source of information for hundreds of people;
3. to Warren Brown, Town Treasurer, who has been an enormous help to the selectmen and given many times over the number of hours expected.

Furthermore, Mr. Moderator, we move a general vote of thanks to all Town Officers, members of the boards, and private citizens who have contributed to the life of this town through their volunteer service in the past years. An amendment was added by Gardner Ladd to add the name of Mary T. Vey to the list.

A motion was made by Robert Sanborn and duly seconded to adjourn the meeting at 11:15 p.m. Motion passed by voice vote.

MARY E. BARTLETT MEMORIAL LIBRARY

Increased circulation and more students using the library for reference work show that people are becoming more aware of the library and its services.

Thanks to the support of the Town, plumbing has been added and a work/storage space to increase the efficiency of the library.

Panic bars and emergency lights were added for safety.

The Friends of the Library have continued their support with Story Hours, a Summer Reading Program, poster contest for Book Week. They have provided library service to shut-ins, the County Home and the jail.

An adult discussion group started at the library Wednesday mornings soon grew into an organized group of seniors, The Brentwood Seniors.

Memorial gifts for Ralph E. Woodard were used to buy an unabridged dictionary (needed for accreditation) and a dictionary stand. The remainder of the money was added to the existing Woodard Fund and re-named the Ralph and Nellie Woodard Fund, the balance reamining is $277.37.

Shelves have been ordered from funds provided by the Friends and the balance of the Florence Corbett Memorial Fund.

The balance of the Mary E. Bartlett Memorial Fund is $657.02.

Many thanks are due to people for extra special services:

The Byrne family for the upkeep of the grounds
The Boy Scouts for covering the shrubbery
Mrs. Martin Lindon for changing exhibilts in the Historical Society Show Case
Mrs. John Dodge for keeping us supplied with an abundance of new mystery books
Warren Brown for his many trips to the Post Office returning films and I.L.L. books (plus).

The Library is your Library. It has books, periodicals and art prints for your pleasure and information.

Respectfully submitted,

Anne Atwater, Chairman, Trustees of the Library
Janice Knutsen

REPORT OF THE BRENTWOOD PLANNING BOARD

To the Selectmen and the Citizens
of Brentwood

Your Planning Board has worked diligently this year to carry out the Town mandate to keep the rural, "country" flavor of our Town's aspect.

We have suggested a minimum of changes to our present regulations geared toward clarification and modification.

To support the Soils Survey Map (survey now in progress) and the Master Plan, a Wetlands Ordinance has been drawn up and presented with the valued assistance and support of the Conservation Commission.

Brentwood is a participant in the Federal Flood Insurance Program and in order to remain in this program, it was necessary to provide ordinances to support it.

In spite of inflation and the high cost of borrowing money, land is still being subdivided, homes being built, and businesses expanded. Our present ordinances need constant review both in light of Legislative changes and the needs of a growing Town.

Our town is growing and the Planning Board needs participation and input from you, the Townspeople, who are the ones affected by all of the activities mentioned above. From time to time a vacancy occurs on the Board. We urge you to answer the call to serve whenever it comes.

Our meetings are always open to the public...come and see what is going on. We covet your attendance and support.

Respectfully submitted,

Letty A. Hett
Selectmen's Representative
Brentwood Planning Board

REPORT OF THE BRENTWOOD CONSERVATION COMMISSION

Our major emphasis in 1980 has been the landscaping of the Town Office Building. We are very pleased with the results and again thank all who contributed time, plantings, monies, expertise to bring about the TRANSFORMATION.

1980 also brought a detailed LONG RANGE PLAN for the Town Forest from N.H. Dept. of Forest and Lands State Forester J.B. Cullen. We are at the beginning stages of implementation. We anticipate some selective cutting, under the supervision of Mr. Cullen, in the spring of 1981. Townspeople are encouraged to attend Commission meetings and be a part of the planning process.

The Commission has received enormous support from the Brentwood Newsletter...drawings, photographs, articles and Linda's participation in nearly every landscaping work-project! The Newsletter has been an excellent way for us to keep you informed.

The Commission has been seriously concerned about Brentwood's lack of a Wetlands Ordinance. We encouraged the Planning Board to address this issue, supplied some suggested "ordinances" and support the proposed Ordinances the Town is being asked to vote upon.

The Commission is a small core of dedicated, concerned, knowledgeable people. Generally we do not see non-Commission townspeople at our meetings. Periodically we see a larger number such as the 25 who participated in a Town Office landscaping Project. We feel that we have gained a credability in Brentwood, that many think our work necessary and important, but we do not yet have a full Commission of 7 members.

Please know that we are eager for this to change! The Commission has a great responsibility in Brentwood, we have a wide variety of exciting projects that can appeal to many and to many kinds of expertise, we have many opportunities to make a significant impact on our Town.

A personal word...I have enjoyed my three years as Chairman of the Commission. I resigned as Chairman December 31st, feeling that it was time for new leadership. I continue to remain on as a member of the Commission for I believe strongly in its work. Won't you consider involvement or membership with the Commission? If you have interest and/or expertise...your Town needs it!

Respectfully submitted,

Richard K. Chamberlain

SCHOOL DISTRICT MEETING

Brentwood, N.H. March 6, 1980

The Brentwood School District Meeting held at the Firehouse on March 6, 1980, was opened by the school clerk at 7:08 P.M. Nominations for moderator pro tem were called for. Pat Buxton nominated and Al Belanger seconded the nomination of Dick Chamberlain who was duly elected and sworn in. The moderator proceeded to go over the ground rules for the meeting. Al Belanger made a motion and was duly seconded to dispense with the reading of the warrant. The motion passed by a unanimous voice vote. The following business was conducted:

Article 1. A motion was made by Liz Dodge and seconded by Al Belanger to see if the District will authorize the renovation of the Swasey School addition and further authorize the Brentwood School Board to raise a sum not to exceed One Hundred Eighty One Thousand Two Hundred Dollars ($181,200.00) by issue and sale of bonds or notes of the School District in accordance with the provisions of Chapter 33 of the revised Statutues Annotated as amended; the time and place of payment of Principal and Interest, the fixing of the rate of interest, provisions for the sale of notes and/or bonds and all other matters in connection therewith, to be left to the discretion of the School Board. In the discussion that followed these points were made: the $32,000 voted last year is not included in the above amount; the plans will provide for a building similar to what is there now (brick); the interest rate on the bond will be 8%; the ten year bond was recommended because the longer you pay the less in terms of 1980 dollars you spend; if the renovation is delayed a year there will be a 12% cost increase. Jon Rice moved the question and was duly seconded. The motion passed by a voice vote. A recess was called and the polls opened at 7:40 P.M. At 9:40 the polls closed and ballots were counted. A two thirds majority being required to pass Article 1. A total of 161 votes were cast. 96 votes YES and 65 votes NO. Article 1 was defeated.

Article 2. Bill Vahey made a motion and was duly seconded to table Article 2 indefinitely. The motion passed by a voice vote.

Article 3. Audrey Fletcher moved that the salaries of the School Board and Truant Officer and any other officers or agents of the district be accepted as presented in the budget. James McGean seconded the motion which passed by a voice vote.

Article 4. Audrey Fletcher moved that all reports be accepted as written in the annual report. Evelyn Wilson seconded the motion which carried by a voice vote.

Article 5. Audrey Fletcher made a motion that the School Board be authorized to make application for, accept, and expend on behalf of the School District, all gifts, advances, grants in aid, revenue sharing funds or any other funds for educational purposes as may now or hereafter be available or forthcoming from the U.S. Government, the State of New Hampshire or any of its municipalities or any other state, local or federal agency. The motion duly seconded carried by a voice vote.

Article 6. This article was lost because of lack of motion.

Article 7. Jon Rice moved and was duly seconded that the district raise and appropriate the sum of $699,347.00 for the support of schools for the payment of salaries for school district officers and agents, and for the payment of the statutory obligations of the District. In the discussion that followed it was noted that the salary raise for teachers was questioned; the audience wanted assurance that the budget for next year would be in more detail; the maintenance account includes the $32,000.00 voted last year for the roof. Mrs. Gove made and Joyce Gove seconded the following amendment, "to reduce the proposed total budget by $5,550.00." The amendment was defeated by a voice vote. The main motion carried in the affirmative by a voice vote.

Article 8. Bill Vahey made a motion to adjourn the meeting at 10:37 P.M. The motion was duly seconded and passed.

Respectfully submitted,

SPECIAL SCHOOL DISTRICT MEETING

Brentwood, N.H. May 20, 1980

The Special School District Meeting held at the Firehouse on May 20, 1980, was opened by moderator Dick Chamberlain at 7:05 P.M. The moderator proceeded to read the warrant on which the following action was taken:

Article 1. A motion was made by Jon Rice and seconded by Liz Dodge to see if the District will vote to authorize the renovation of the Swasey School addition and further authorize the Brentwood School Board to raise a sum not to exceed One Hundred Eighty One Thousand Two Hundred Dollars ($181,200.00) by issue and sale of bonds or notes of the School District in accordance with the provisions of Chapter 33 of the Revised Statutes Annotated as amended; the time and place of payment of Principal and Interest, provisions for the sale of notes and/or bonds and all other matters in connection therewith, to be left to the discretion of the School Board. (Budget Committee - recommended.) Liz Dodge mentioned that after the School District Meeting March 6, 1980, the School Board had received a petition signed by eighty voters to hold a special meeting. Jonathon Rice stated that it is the intent of the School Board to raise just enough to repair the roof and ceiling and also the handicap access. The site and wall work is to be done out of surplus funds. Approximately one hundred fifty thousand ($150,000.00) will be raised by bonds. A recess was called and the polls opened at 7:45 P.M. At 9:45 the polls closed and the ballots were counted. A two thirds majority being required to pass Article 1. A total of 191 votes were cast. 132 votes YES and 59 votes NO. Article 1 passed.

Article 2. Donald Hunt made a motion and Liz Dodge seconded to authorize the School Board to sell the ceiling lights and any such fixtures or equipment that may be made available by reason of renovation. The motion passed by a voice vote.

Article 3. With twenty two voters present Linda Rousseau made the following resolution, "Whereas the School Board has stated its intent earlier in this meeting to take a bond of not more than $150,000.00, and whereas the voters of this town have approved the bond with this information in mind, be it resolved that the voters present indicate their desire that the board not borrow more than $150,000.00." The resolution was seconded and passed by a voice vote.

The meeting adjourned at 10:10 P.M.

Brentwood School District

Superintendent's Annual Report

As we approach another school district meeting it is with pleasure I submit to the citizens of Brentwood this report.

I would like to comment on our Wednesday "early student release" and what happens on the "school scene" during that afternoon. There is a need for our staff to share ideas and use the resources of the group to gain energy, and to stimulate personal and professional growth which relates directly to classroom instruction. We have dealt with such topics as children's writings, math games and math skills, first aid, new physical education activities for children, special education needs, behavior problems and how to deal with the reading activities and reviewing test results for better instruction to mention a few.

The Brentwood School District along with the rest of the Unit #16 has long been committed to meeting the individual needs of students. We have done much to improve our offerings to special education youngsters both in self contained classrooms and mainstreaming. Our Title I federally funded program has provided supplementary help to LD students in reading. The many aides and professionals working with these students have resulted in impressive progress rates and our programs have received state wide attention as an exemplary program.

I would be remiss if I didn't mention our recently completed tests of achievement which tells us where our schools rate in relation to the rest of the country. The average score nationally is at the 50 percentile. I call your attention to our fourth and sixth grade scores in this Unit which showed we again rank in the top quarter of schools in this country. Reading was 85% for grade 4 and 88% for grade six. Mathematics was 85% for grade 4 and 87% for grade six. Isn't this <u>really</u> what education is all about? If our schools, our teachers, and our administrators are doing their job, and doing it well, our students will be well prepared and can compete nationally with anyone. We have such scores and our schools continue to maintain high quality. We do have schools we can be proud of and it is my belief most of our citizens are pleased with the results of the staff educational endeavors.

Harry Mangle has submitted the following report which gives some interesting highlights at the school. He says:

"Swasey began the year with an experienced instructional staff of nine full-time teachers, two part-time reading aides, and several itinerant specialists in speech and motor development. Our support staff includes a part-time secretary, nurse, and food service manager, all of whom have given several years of fine service. The principal, who was previously shared by the Newfields Elementary School, is employed only by Brentwood, at 4/5 time and salary.

Enrollment has been stable, fluctuating between 182-192 children. In September, Swasey became the first S.A.U. #16 school outside of Exeter to house a

Special Education Consortium class, previously located in Exeter. This class, consisting of one teacher and seven educationally handicapped youngsters from several surrounding communities, has been assimilated into our total school program as much as possible. This change has required extra planning and effort on the part of all staff members but the experience has been a rewarding one to all involved.

Although our basic curriculum in reading, language, math, and social studies are closely coordinated with other S.A.U. #16 towns, enrichment field trips and activities such as the Squam Lakes Science Center program are done on an individual school basis. Our faculty constantly strives to find more effective ways to teach children. One way to accomplish this is by spending the two hours during early dismissal days attending many workshops and planning sessions focused on areas of school wide needs. During the present academic year, Mr. Mangle and Mr. Schroeder are serving on the Science Advisory Committee that is responsible for revising the S.A.U. #16 science curriculum.

We, at Swasey, are committed to creating effective communication and cooperation among school, parents, and the community. To provide a formal avenue for this, the Swasey Advisory Group was formed. This group (which is open to any townspeople) meets with the principal monthly and discusses topics of mutual concern. A present item currently under discussion is improvement of the playground equipment.

A major accomplishment for 1980 has been the beginning of a comprehensive school volunteer program under the direction of Cindy Sheldon. Over 30 volunteers have donated over 800 hours to enrich our total program. Volunteers, under the leadership of Marilyn Schaefer, Judy Zacher, and Donna Strout, totally staff and direct our library. Other volunteers, under the supervision of teachers, provide whole classes with music, physical education and art experiences, while others read or do art activities with small groups and give pupils extra individual help. A recent volunteer contribution was to organize several students from each class to put together a school newspaper.

The monetary value of such volunteer contributions exceeds several thousands of dollars but the intangible value cannot be measured in such terms. The spirit of caring, understanding, and dedication is passed on to our students and makes Swasey such a unique place."

In conclusion I wish to thank Mr. Mangle, the staff and especially the fine school board that has helped so much to make my job pleasant and rewarding in dealing with the Brentwood School District.
